SUBCHAPTER I—GENERAL PROVISIONS

§ 635. Powers and functions of Bank

- (a) **General banking business; use of mails; publication of documents, reports, contracts, etc.; use of assets and allocated or borrowed money; payment of dividends; medium-term financing; dissemination of information; enhancement of medium-term program**

(1) There is created a corporation with the name Export-Import Bank of the United States,

which shall be an agency of the United States of America. The objects and purposes of the Bank shall be to aid in financing and to facilitate exports of goods and services, imports, and the exchange of commodities and services between the United States or any of its territories or insular possessions and any foreign country or the agencies or nationals of any such country, and in so doing to contribute to the employment of United States workers. The Bank's objective in authorizing loans, guarantees, insurance, and credits shall be to contribute to maintaining or increasing employment of United States workers. In connection with and in furtherance of its objects and purposes, the bank is authorized and empowered to do a general banking business except that of circulation; to receive deposits; to purchase, discount, rediscount, sell, and negotiate, with or without its endorsement or guaranty, and to guarantee notes, drafts, checks, bills of exchange, acceptances, including bankers' acceptances, cable transfers, and other evidences of indebtedness; to guarantee, insure, co-insure, and reinsure against political and credit risks of loss; to purchase, sell, and guarantee securities but not to purchase with its funds any stock in any other corporation except that it may acquire any such stock through the enforcement of any lien or pledge or otherwise to satisfy a previously contracted indebtedness to it; to accept bills and drafts drawn upon it; to issue letters of credit; to purchase and sell coin, bullion, and exchange; to borrow and to lend money; to perform any act herein authorized in participation with any other person, including any individual, partnership, corporation, or association; to adopt, alter, and use a corporate seal, which shall be judicially noticed; to sue and to be sued, to complain and to defend in any court of competent jurisdiction; to represent itself or to contract for representation in all legal and arbitral proceedings outside the United States; and the enumeration of the foregoing powers shall not be deemed to exclude other powers necessary to the achievement of the objects and purposes of the bank. The bank shall be entitled to the use of the United States mails in the same manner and upon the same conditions as the executive departments of the Government. The Bank is authorized to publish or arrange for the publication of any documents, reports, contracts, or other material necessary in connection with or in furtherance of its objects and purposes without regard to the provisions of section 501 of title 44 whenever the Bank determines that publication in accordance with the provisions of such section would not be practicable. Subject to regulations which the Bank shall issue pursuant to section 553 of title 5, the Bank may impose and collect reasonable fees to cover the costs of conferences and seminars sponsored by, and publications provided by, the Bank, and may accept reimbursement for travel and subsistence expenses incurred by a director, officer, or employee of the Bank, in accordance with subchapter I of chapter 57 of title 5. Amounts received under the preceding sentence shall be credited to the fund which initially paid for such activities and shall be offset against the expenses of the Bank for such activities. The bank is authorized to use all of its assets and all

moneys which have been or may hereafter be allocated to or borrowed by it in the exercise of its functions. Net earnings of the bank after reasonable provision for possible losses shall be used for payment of dividends on capital stock. Any such dividends shall be deposited into the Treasury as miscellaneous receipts.

(2) In order for the Bank to be competitive in all of its financing programs with countries whose exports compete with United States exports, the Bank shall establish a program that—

(A) provides medium-term financing where necessary to be fully competitive—

(i) at rates of interest to the customer which are equal to rates established in international agreements; and

(ii) in amounts up to 85 percent of the total cost of the exports involved; and

(B) enables the Bank to cooperate fully with the Secretary of Commerce and the Administrator of the Small Business Administration to develop a program for purposes of disseminating information (using existing private institutions) to small business concerns regarding the medium-term financing provided under this paragraph.

(3) **ENHANCEMENT OF MEDIUM-TERM PROGRAM.**—To enhance the medium-term financing program established pursuant to paragraph (2), the Bank shall establish measures to—

(A) improve the competitiveness of the Bank's medium-term financing and ensure that its medium-term financing is fully competitive with that of other major official export credit agencies;

(B) ease the administrative burdens and procedural and documentary requirements imposed on the users of medium-term financing;

(C) attract the widest possible participation of private financial institutions and other sources of private capital in the medium-term financing of United States exports; and

(D) render the Bank's medium-term financing as supportive of United States exports as is its Direct Loan Program.

(b) Guarantees, insurance, and extension of credit functions; competitive with Government-supported rates and terms and conditions of foreign exporting countries; survey and report; interest rates; private capital encouragement; national interest determinations; delivery of United States services in international commerce; small business concern encouragement; coverage of losses by Foreign Credit Insurance Association; loans to Union of Soviet Socialist Republics for fossil fuel research, etc.; nuclear safeguards violations resulting in limitations on exports and credit; defense article credit sales to less developed countries; amount outstanding; supplementation of Commodity Credit Corporation programs; limitations on authority of Bank; prohibition relating to Angola

(1)(A) It is the policy of the United States to foster expansion of exports of manufactured goods, agricultural products, and other goods and services, thereby contributing to the promotion and maintenance of high levels of employment and real income, a commitment to re-

investment and job creation, and the increased development of the productive resources of the United States. To meet this objective in all its programs, the Export-Import Bank is directed, in the exercise of its functions, to provide guarantees, insurance, and extensions of credit at rates and on terms and other conditions which are fully competitive with the Government-supported rates and terms and other conditions available for the financing of exports of goods and services from the principal countries whose exporters compete with United States exporters, including countries the governments of which are not members of the Arrangement (as defined in section 635i-3(h)(3) of this title). The Bank shall, in cooperation with the export financing instrumentalities of other governments, seek to minimize competition in government-supported export financing and shall, in cooperation with other appropriate United States Government agencies, seek to reach international agreements to reduce government subsidized export financing.

(B) It is further the policy of the United States that loans made by the Bank in all its programs shall bear interest at rates determined by the Board of Directors, consistent with the Bank's mandate to support United States exports at rates and on terms and conditions which are fully competitive with exports of other countries, and consistent with international agreements. For the purpose of the preceding sentence, rates and terms and conditions need not be identical in all respects to those offered by foreign countries, but should be established so that the effect of such rates, terms, and conditions for all the Bank's programs, including those for small businesses and for medium-term financing, will be to neutralize the effect of such foreign credit on international sales competition. The Bank shall consider its average cost of money as one factor in its determination of interest rates, where such consideration does not impair the Bank's primary function of expanding United States exports through fully competitive financing. The Bank may not impose a credit application fee unless (i) the fee is competitive with the average fee charged by the Bank's primary foreign competitors, and (ii) the borrower or the exporter is given the option of paying the fee at the outset of the loan or over the life of the loan and the present value of the fee determined under either such option is the same amount. It is also the policy of the United States that the Bank in the exercise of its functions should supplement and encourage, and not compete with, private capital; that the Bank, in determining whether to provide support for a transaction under the loan, guarantee, or insurance program, or any combination thereof, shall consider the need to involve private capital in support of United States exports as well as the cost of the transaction as calculated in accordance with the requirements of the Federal Credit Reform Act of 1990 [2 U.S.C. 661 et seq.]; that the Bank shall accord equal opportunity to export agents and managers, independent export firms, export trading companies, and small commercial banks in the formulation and implementation of its programs; that the Bank should give emphasis to assisting new and small busi-

ness entrants in the agricultural export market, and shall, in cooperation with other relevant Government agencies, including the Commodity Credit Corporation, develop a program of education to increase awareness of export opportunities among small agribusinesses and cooperatives; that loans, so far as possible consistent with the carrying out of the purposes of subsection (a) of this section, shall generally be for specific purposes, and, in the judgment of the Board of Directors, offer reasonable assurance of repayment; and that in authorizing any loan or guarantee, the Board of Directors shall take into account any serious adverse effect of such loan or guarantee on the competitive position of United States industry, the availability of materials which are in short supply in the United States, and employment in the United States, and shall give particular emphasis to the objective of strengthening the competitive position of United States exporters and thereby of expanding total United States exports. Only in cases where the President, after consultation with the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate, determines that such action would be in the national interest where such action would clearly and importantly advance United States policy in such areas as international terrorism (including, when relevant, a foreign nation's lack of cooperation in efforts to eradicate terrorism), nuclear proliferation, the enforcement of the Foreign Corrupt Practices Act of 1977, the Arms Export Control Act [22 U.S.C. 2751 et seq.], the International Emergency Economic Powers Act [50 U.S.C. 1701 et seq.], or the Export Administration Act of 1979 [50 U.S.C. App. 2401 et seq.], environmental protection and human rights (such as are provided in the Universal Declaration of Human Rights adopted by the United Nations General Assembly on December 10, 1948) (including child labor), should the Export-Import Bank deny applications for credit for non-financial or noncommercial considerations. Each such determination shall be delivered in writing to the President of the Bank, shall state that the determination is made pursuant to this section, and shall specify the applications or categories of applications for credit which should be denied by the Bank in furtherance of the national interest.

(C) Consistent with the policy of section 3261 of title 22 and section 2151q¹ of title 22, the Board of Directors shall name an officer of the Bank whose duties shall include advising the President of the Bank on ways of promoting the export of goods and services to be used in the development, production, and distribution of non-nuclear renewable energy resources, disseminating information concerning export opportunities and the availability of Bank support for such activities, and acting as a liaison between the Bank and the Department of Commerce and other appropriate departments and agencies.

(D) It is further the policy of the United States to foster the delivery of United States services in international commerce. In exercising its powers and functions, the Bank shall give

full and equal consideration to making loans and providing guarantees for the export of services (independently, or in conjunction with the export of manufactured goods, equipment, hardware or other capital goods) consistent with the Bank's policy to neutralize foreign subsidized credit competition and to supplement the private capital market.

(E)(i)(I) It is further the policy of the United States to encourage the participation of small business in international commerce.

(II) In exercising its authority, the Bank shall develop a program which gives fair consideration to making loans and providing guarantees for the export of goods and services by small businesses.

(ii) It is further the policy of the United States that the Bank shall give due recognition to the policy stated in section 631(a) of title 15 that "the Government should aid, counsel, assist, and protect, insofar as is possible, the interests of small business concerns in order to preserve free competitive enterprise".

(iii) In furtherance of this policy, the Board of Directors shall designate an officer of the Bank who—

(I) shall be responsible to the President of the Bank for all matters concerning or affecting small business concerns; and

(II) among other duties, shall be responsible for advising small business concerns of the opportunities for small business concerns in the functions of the Bank, with particular emphasis on conducting outreach and increasing loans to socially and economically disadvantaged small business concerns (as defined in section 637(a)(4) of title 15), small business concerns (as defined in section 632(a) of title 15) owned by women, and small business concerns (as defined in section 632(a) of title 15) employing fewer than 100 employees, and for maintaining liaison with the Small Business Administration and other departments and agencies in matters affecting small business concerns.

(iv) The Director appointed to represent the interests of small business under section 635a(c) of this title shall ensure that the Bank carries out its responsibilities under clauses (ii) and (iii) of this subparagraph and that the Bank's financial and other resources are, to the maximum extent possible, appropriately used for small business needs.

(v) To assure that the purposes of clauses (i) and (ii) of this subparagraph are carried out, the Bank shall make available, from the aggregate loan, guarantee, and insurance authority available to it, an amount to finance exports directly by small business concerns (as defined under section 632 of title 15) which shall be not less than 20 percent of such authority for each fiscal year. From the amount made available under the preceding sentence, it shall be a goal of the Bank to increase the amount made available to finance exports directly by small business concerns referred to in section 635a(i)(1) of this title.

(vi) The Bank shall utilize the amount set aside pursuant to clause (v) of this subparagraph to offer financing for small business exports on terms which are fully competitive with regard

¹ See References in Text note below.

to interest rates and with regard to the portion of financing which may be provided, guaranteed, or insured. Financing under this clause (vi) shall be available without regard to whether financing for the particular transaction was disapproved by any other Federal agency.

(vii)(I) The Bank shall utilize a part of the amount set aside pursuant to clause (v) to provide lines of credit or guarantees to consortia of small or medium size banks, export trading companies, State export finance agencies, export financing cooperatives, small business investment companies (as defined in section 662 of title 15), or other financing institutions or entities in order to finance small business exports.

(II) Financing under this clause (vii) shall be made available only where the consortia or the participating institutions agree to undertake processing, servicing, and credit evaluation functions in connection with such financing.

(III) To the maximum extent practicable, the Bank shall delegate to the consortia or other financing institutions or entities the authority to approve financing under this clause (vii).

(IV) In the administration of the program under this clause (vii), the Bank shall provide appropriate technical assistance to participating consortia and may require such consortia periodically to furnish information to the Bank regarding the number and amount of loans made and the creditworthiness of the borrowers.

(viii) In order to assure that the policy stated in clause (i) is carried out, the Bank shall promote small business exports and its small business export financing programs in cooperation with the Secretary of Commerce, the Office of International Trade of the Small Business Administration, and the private sector, particularly small business organizations, State agencies, chambers of commerce, banking organizations, export management companies, export trading companies, and private industry.

(ix) The Bank shall provide, through creditworthy trade associations, export trading companies, State export finance companies, export finance cooperatives, and other multiple-exporter organizations, medium-term risk protection coverage for the members and clients of such organizations. Such coverage shall be made available to each such organization under a single risk protection policy covering its members or clients. Nothing in this provision shall be interpreted as limiting the Bank's authority to deny support for specific transactions or to disapprove a request by such an organization to participate in such coverage.

(x) The Bank shall implement technology improvements that are designed to improve small business outreach, including allowing customers to use the Internet to apply for the Bank's small business programs.

(F) Consistent with international agreements, the Bank shall urge the Foreign Credit Insurance Association to provide coverage against 100 per centum of any loss with respect to exports having a value of less than \$100,000.

(G) Participation in or access to long-, medium-, and short-term financing, guarantees, and insurance provided by the Bank shall not be denied solely because the entity seeking participation or access is not a bank or is not a United States person.

(H)(i) It is further the policy of the United States to foster the development of democratic institutions and market economies in countries seeking such development, and to assist the export of high technology items to such countries.

(ii) In exercising its authority, the Bank shall develop a program for providing guarantees and insurance with respect to the export of high technology items to countries making the transition to market based economies, including eligible East European countries (within the meaning of section 5402 of title 22).

(iii) As part of the ongoing marketing and outreach efforts of the Bank, the Bank shall, to the maximum extent practicable, inform high technology companies, particularly small business concerns (as such term is defined in section 632 of title 15), about the programs of the Bank for United States companies interested in exporting high technology goods to countries making the transition to market based economies, including any eligible East European country (within the meaning of section 5402 of title 22).

(iv) In carrying out clause (iii), the Bank shall—

(I) work with other agencies involved in export promotion and finance; and

(II) invite State and local governments, trade centers, commercial banks, and other appropriate public and private organizations to serve as intermediaries for the outreach efforts.

(I) The President of the Bank shall undertake efforts to enhance the Bank's capacity to provide information about the Bank's programs to small and rural companies which have not previously participated in the Bank's programs. Not later than 1 year after November 26, 1997, the President of the Bank shall submit to Congress a report on the activities undertaken pursuant to this subparagraph.

(J) The Bank shall implement an electronic system designed to track all pending transactions of the Bank.

(K) The Bank shall promote the export of goods and services related to renewable energy sources.

(L) The Bank shall require an applicant for assistance from the Bank to disclose whether the applicant has been found by a court of the United States to have violated the Foreign Corrupt Practices Act of 1977, the Arms Export Control Act [22 U.S.C. 2751 et seq.], the International Emergency Economic Powers Act [50 U.S.C. 1701 et seq.], or the Export Administration Act of 1979 [50 U.S.C. App. 2401 et seq.] within the preceding 12 months, and shall maintain, in cooperation with the Department of Justice, for not less than 3 years a record of such applicants so found to have violated any such Act.

(2) PROHIBITION ON AID TO MARXIST-LENINIST COUNTRIES.—

(A) IN GENERAL.—The Bank in the exercise of its functions shall not guarantee, insure, extend credit, or participate in the extension of credit—

(i) in connection with the purchase or lease of any product by a Marxist-Leninist country, or agency or national thereof; or

(ii) in connection with the purchase or lease of any product by any other foreign

country, or agency or national thereof, if the product to be purchased or leased by such other country, agency, or national is, to the knowledge of the Bank, principally for use in, or sale or lease to, a Marxist-Leninist country.

(B) MARXIST-LENINIST COUNTRY DEFINED.—

(i) IN GENERAL.—For purposes of this paragraph, the term “Marxist-Leninist country” means any country that maintains a centrally planned economy based on the principles of Marxism-Leninism, or is economically and militarily dependent on any other such country.

(ii) SPECIFIC COUNTRIES DEEMED TO BE MARXIST-LENINIST.—Unless otherwise determined by the President in accordance with subparagraph (C), the following countries are deemed to be Marxist-Leninist countries for purposes of this paragraph:

(D) PRESIDENTIAL DETERMINATION RELATING TO FINANCING IN THE NATIONAL INTEREST.—

(i) IN GENERAL.—Subparagraph (A) shall not apply to guarantees, insurance, or extensions of credit by the Bank to a country, agency, or national described in clause (i) or (ii) of subparagraph (A) (in connection with transactions described in such clauses) if the President determines that such guarantees, insurance, or extensions of credit are in the national interest.

(ii) SEPARATE DETERMINATION FOR CERTAIN TRANSACTIONS.—The President shall make a separate determination under clause (i) for each transaction described in clause (i) or (ii) of subparagraph (A) for which the Bank would extend a loan in an amount equal to or greater than \$50,000,000.

(iii) REPORT OF CLAUSE (i) DETERMINATIONS TO CONGRESS.—Any determination by the President under clause (i) shall be reported to the Congress not later than the earlier of—

- (I) the end of the 30-day period beginning on the date of such determination; or
- (II) the date the Bank takes final action with respect to the first transaction in-

For the purpose of the preceding sentence, continuity of a session of the Congress shall be considered as broken only by an adjournment of the Congress sine die, and the days on which either House is not in session because of an adjournment of more than 3 days to a day certain shall be excluded in the computation of the 25 day period referred to in such sentence. (II) the total amount of guarantees or insurance; and

(III) the reasons for the facility and its methods of operation; and

(B) a full explanation of the reasons for Bank financing of the transaction, the amount of the loan to be provided by the Bank, the approximate rate and repayment terms at which such loan will be made available and the approximate amount of the financial guarantee.

If the Bank submits a statement to the Congress under this paragraph and either House of Congress is in an adjournment for a period which continues for at least ten days after the date of

submission of the statement, then any such loan or guarantee or combination thereof may, subject to the second sentence of this paragraph, be finally approved by the Board of Directors upon the termination of the twenty-five-day period referred to in the first sentence of this paragraph or upon the termination of a thirty-five-calendar-day period (which commences upon the date of submission of the statement), whichever occurs sooner.

(4)(A) If the Secretary of State determines that—

(i) any country that has agreed to International Atomic Energy Agency nuclear safeguards materially violates, abrogates, or terminates, after October 26, 1977, such safeguards;

(ii) any country that has entered into an agreement for cooperation concerning the civil use of nuclear energy with the United States materially violates, abrogates, or terminates, after October 26, 1977, any guarantee or other undertaking to the United States made in such agreement;

(iii) any country that is not a nuclear-weapon state detonates, after October 26, 1977, a nuclear explosive device;

(v) any person knowingly aids or abets, after September 23, 1996, any non-nuclear-weapon state to acquire any such nuclear explosive device or to acquire unsafeguarded special nuclear material,

then the Secretary of State shall submit a report to the appropriate committees of the Congress and to the Board of Directors of the Bank stating such determination and identifying each country or person the Secretary determines has so acted.

(B)(i) If the Secretary of State makes a determination under subparagraph (A)(v) with respect to a foreign person, the Congress urges the Secretary to initiate consultations immediately with the government with primary jurisdiction over that person with respect to the imposition of the prohibition contained in subparagraph (C).

(ii) In order that consultations with that government may be pursued, the Board of Directors of the Bank shall delay imposition of the prohibition contained in subparagraph (C) for up to 90 days if the Secretary of State requests the Board to make such delay. Following these consultations, the prohibition contained in subparagraph (C) shall apply immediately unless the Secretary determines and certifies to the Congress that that government has taken specific and effective actions, including appropriate penalties, to terminate the involvement of the foreign person in the activities described in subparagraph (A)(v). The Board of Directors of the Bank shall delay the imposition of the prohibition contained in subparagraph (C) for up to an additional 90 days if the Secretary requests the Board to make such additional delay and if the Secretary determines and certifies to the Congress that that government is in the process of

taking the actions described in the preceding sentence.

(iii) Not later than 90 days after making a determination under subparagraph (A)(v), the Secretary of State shall submit to the appropriate committees of the Congress a report on the status of consultations with the appropriate government under this subparagraph, and the basis for any determination under clause (ii) that such government has taken specific corrective actions.

(C) The Board of Directors of the Bank shall not give approval to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to any country, or to or by any person, identified in the report described in subparagraph (A).

(E) The prohibition in subparagraph (C) shall not apply to approvals to guarantee, insure, or extend credit, or participate in the extension of credit in support of United States exports to or by a person with respect to whom a determination is made under clause (v) of subparagraph (A) regarding any specific event described in such clause if—

(i) the Secretary of State determines and certifies to the Congress that the appropriate government has taken the corrective actions described in subparagraph (B)(ii); or

(ii) the President determines and certifies in writing to the Congress not less than 45 days prior to the date of the first approval following the determination that—

(I) reliable information indicates that—

(aa) such person has ceased to aid or abet any non-nuclear-weapon state to acquire any nuclear explosive device or to acquire unsafeguarded special nuclear material; and

(bb) steps have been taken to ensure that the activities described in item (aa) will not resume; or

(II) the prohibition would have a serious adverse effect on vital United States interests.

The Bank shall not guarantee, insure, or extend credit, or participate in the extension of credit in connection with the purchase of any product, technical data, or other information by a national or agency of any nation if the President determines that any such transaction would be contrary to the national interest.

(6)(A) The Bank shall not guarantee, insure, or extend credit, or participate in an extension of credit in connection with any credit sale of defense articles and defense services to any country.

(B) Subparagraph (A) shall not apply to any sale of defense articles or services if—

(i) the Bank is requested to provide a guarantee or insurance for the sale;

(ii) the President determines that the defense articles or services are being sold primarily for anti-narcotics purposes;

(iii) section 2291j(e) of title 22 does not apply with respect to the purchasing country;

(C) In determining whether a sale of defense articles or services would be in the national interest of the United States, the President shall take into account whether the sale would—

(i) be consistent with the anti-narcotics policy of the United States;

(ii) involve the end use of a defense article or service in a major illicit drug producing or major drug-transit country (as defined in section 2291(e) of title 22); and

(II) the President determines, after consultation with the Assistant Secretary of State for Human Rights and Humanitarian Affairs, that the purchasing country has complied with all restrictions imposed by the United States on the end use of any defense articles or services for which a guarantee or insurance was provided under subparagraph (B), and has not used any such defense articles or services to engage in a consistent pattern of gross violations of internationally recognized human rights; and

(III) such determinations have been reported to the Speaker and the Committee on Financial Services of the House of Representatives, and to the Committee on Banking, Housing, and Urban Affairs and the Committee on Foreign Relations of the Senate, not less than 25 days of continuous session of the Congress before the date of such approval.

(E) The provision of a guarantee or insurance under subparagraph (B) shall be deemed to be the provision of security assistance for purposes of section 2304 of title 22 (relating to governments which engage in a consistent pattern of gross violations of internationally recognized human rights).

(F) To the extent that defense articles or services for which a guarantee or insurance is provided under subparagraph (B) are used for a purpose other than anti-narcotics purposes, they may be used only for those purposes for which defense articles and defense services sold under the Arms Export Control Act [22 U.S.C. 2751 et seq.] (relating to the foreign military sales program) may be used under section 4 of such Act [22 U.S.C. 2754].

(G) As used in subparagraphs (B), (C), (D), and (F), the term “defense articles or services” means articles, services, and related technical data that are designated as defense articles and defense services pursuant to sections 38 and 47(7) of the Arms Export Control Act [22 U.S.C. 2778, 2794(7)] and listed on the United States Munitions List (part 121 of title 22 of the Code of Federal Regulations).

(H) Once in each calendar quarter, the Bank shall submit a report to the Committee on Banking, Housing, and Urban Affairs of the Senate, and the Committee on Financial Services of the House of Representatives on all instances in which the Bank, during the reporting quarter, guaranteed, insured, or extended credit or par-

anticipated in an extension of credit in connection with any credit sale of an article, service, or related technical data described in subparagraph (G) that the Bank determined would not be put to a military use or described in subparagraph (I)(i). Such report shall include a description of each of the transactions and the justification for the Bank's actions.

(I)(i) Subparagraph (A) shall not apply to a transaction involving defense articles or services if—

(I) the Bank determines that—

(aa) the defense articles or services are nonlethal; and

(bb) the primary end use of the defense articles or services will be for civilian purposes; and

(II) at least 15 calendar days before the date on which the Board of Directors of the Bank gives final approval to Bank participation in the transaction, the Bank provides notice of the transaction to the Committees on Financial Services and on Appropriations of the House of Representatives and the Committees on Banking, Housing, and Urban Affairs and on Appropriations of the Senate.

(ii) Not more than 10 percent of the loan, guarantee, and insurance authority available to the Bank for a fiscal year may be used by the Bank to support the sale of defense articles or services to which subparagraph (A) does not apply by reason of clause (i) of this subparagraph.

(iii) Not later than September 1 of each fiscal year, the Comptroller General of the United States, in consultation with the Bank, shall submit to the Committees on Financial Services and on Appropriations of the House of Representatives and the Committees on Banking, Housing, and Urban Affairs and on Appropriations of the Senate a report on the end uses of any defense articles or services described in clause (i) with respect to which the Bank provided support during the second preceding fiscal year.

(7) In no event shall the Bank have outstanding at any time in excess of 7½ per centum of the limitation imposed by section 635e of this title for such guarantees, insurance, credits or participation in credits with respect to exports of defense articles and services to countries which, in the judgment of the Board of Directors of the Bank, are less developed.

(8) The Bank shall supplement but not compete with private capital and the programs of the Commodity Credit Corporation to ensure that adequate financing will be made available to assist the export of agricultural commodities, except that, consistent with paragraph (1)(A) of this subsection, the Bank in assisting any such export transactions shall, in cooperation with the export financing instrumentalities of other governments, seek to minimize competition in Government-supported export financing, and shall, in cooperation with other appropriate United States Government agencies, seek to reach international agreements to reduce Government subsidized export financing. In order to carry out the purposes of this subsection, the Bank shall consult with the Secretary of Agriculture and where the Secretary of Agriculture

has recommended against Bank financing of the export of a particular agricultural commodity, shall take such recommendation into consideration in determining whether to provide credit or other assistance for any export sale of such commodity, and shall consider the importance of agricultural commodity exports to the United States export market and the nation's balance of trade in deciding whether or not to provide assistance under this subsection.

(9)(A) The Board of Directors of the Bank shall, in consultation with the Secretary of Commerce and the Trade Promotion Coordinating Committee, take prompt measures, consistent with the credit standards otherwise required by law, to promote the expansion of the Bank's financial commitments in sub-Saharan Africa under the loan, guarantee, and insurance programs of the Bank.

(B)(i) The Board of Directors shall establish and use an advisory committee to advise the Board of Directors on the development and implementation of policies and programs designed to support the expansion described in subparagraph (A).

(ii) The advisory committee shall make recommendations to the Board of Directors on how the Bank can facilitate greater support by United States commercial banks for trade with sub-Saharan Africa.

(iii) The advisory committee shall terminate on September 30, 2011.

(C) The Bank shall include in the annual report to the Congress submitted under section 635g(a) of this title a separate section that contains a report on the efforts of the Bank to—

(i) improve its working relationships with the African Development Bank, the African Export-Import Bank, and other institutions in the region that are relevant to the purposes of subparagraph (A) of this paragraph; and

(ii) coordinate closely with the United States Foreign Service and Foreign Commercial Service, and with the overall strategy of the United States Government for economic engagement with Africa pursuant to the African Growth and Opportunity Act [19 U.S.C. 3701 et seq.].

(D) Consistent with the requirement that the Bank obtain a reasonable assurance of repayment in connection with each transaction the Bank supports, the Bank shall, in consultation with the entities described in subparagraph (C), seek to qualify a greater number of appropriate African entities for participation in programs of the Bank.

(10)(A) The Bank shall not, without a specific authorization by law, guarantee, insure, or extend credit (or participate in the extension of credit) to—

(i) assist specific countries with balance of payments financing; or

(ii) assist (as the primary purpose of any such guarantee, insurance, or credit) any country in the management of its international indebtedness, other than its outstanding obligations to the Bank.

(B) Nothing contained in subparagraph (A) shall preclude guarantees, insurance, or credit the primary purpose of which is to support United States exports.

(11) **PROHIBITION RELATING TO ANGOLA.**—The Bank may not guarantee, insure, or extend (or participate in the extension of) credit in connection with any export of any good (other than food or an agricultural commodity) or service to the People's Republic of Angola until the President certifies to the Congress that free and fair elections have been held in Angola in which all participants were afforded free and fair access, and that the government of Angola—

(A) is willing, and is actively seeking, to achieve an equitable political settlement of the conflict in Angola, including free and fair elections, through a mutual cease-fire and a dialogue with the opposition armed forces;

(ii) the freedom of speech;

(iii) the freedom of assembly;

(iv) the freedom of association (including the right to organize for political purposes);

(v) internationally recognized worker rights; and

(vi) other attributes of political pluralism and democracy.

The President shall include in each report made pursuant to this paragraph a detailed statement with respect to each of the conditions set forth in this paragraph. This paragraph shall not be construed to impose any requirement with respect to Angola that is more restrictive than any requirement imposed by this section generally on all other countries.

(12) **PROHIBITION RELATING TO RUSSIAN TRANSFERS OF CERTAIN MISSILE SYSTEMS.**—If the President of the United States determines that the military or Government of the Russian Federation has transferred or delivered to the People's Republic of China an SS-N-22 missile system and that the transfer or delivery represents a significant and imminent threat to the security of the United States, the President of the United States shall notify the Bank of the transfer or delivery as soon as practicable. Upon receipt of the notice and if so directed by the President of the United States, the Board of Directors of the Bank shall not give approval to guarantee, insure, extend credit, or participate in the extension of credit in connection with the purchase of any good or service by the military or Government of the Russian Federation.

(13) **PROHIBITION ON ASSISTANCE TO DEVELOP OR PROMOTE CERTAIN RAILWAY CONNECTIONS AND RAILWAY-RELATED CONNECTIONS.**—The Bank shall

not guarantee, insure, or extend (or participate in the extension of) credit in connection with the export of any good or service relating to the development or promotion of any railway connection or railway-related connection that does not traverse or connect with Armenia and does not traverse or connect Baku, Azerbaijan, Tbilisi, Georgia, and Kars, Turkey.

(c) **Guarantees, insurance, coinsurance, and reinsurance functions; fractional charge; aggregate outstanding amount; fees and premiums; issuance, service and adjustments by agents; transferability of guarantees**

(1) The Bank shall charge fees and premiums commensurate, in the judgment of the Bank, with risks covered in connection with the contractual liability that the Bank incurs for guarantees, insurance, coinsurance, and reinsurance against political and credit risks of loss.

(2) The Bank may issue such guarantees, insurance, coinsurance, and reinsurance to or with exporters, insurance companies, financial institutions, or others, or groups thereof, and where appropriate may employ any of the same to act as its agent in the issuance and servicing of such guarantees, insurance, coinsurance, and reinsurance, and the adjustment of claims arising thereunder.

(3) **TRANSFERABILITY OF GUARANTEES.**—

(A) **IN GENERAL.**—With respect to medium-term and long-term obligations insured or guaranteed by the Bank after October 15, 1986, the Bank shall authorize the unrestricted transfer of such obligations by the originating lenders or their transferees to other lenders without affecting, limiting, or terminating the guarantee or insurance provided by the Bank.

(B) **GUARANTEE COVERAGE.**—For the guarantee program provided for in this subsection, the Bank may provide up to 100 percent coverage of the interest and principal if the Board of Directors determines such coverage to be necessary to ensure acceptance of Bank guarantees by financial institutions for any transaction in any export market in which the Bank is open for business.

(d) **Equal and nondiscriminatory opportunities for domestic companies to bid for insurance**

(1) In carrying out its responsibilities under this subchapter, the Bank shall work to ensure that United States companies are afforded an equal and nondiscriminatory opportunity to bid for insurance in connection with transactions assisted by the Bank.

(2) **COMPETITIVE OPPORTUNITY FOR INSURANCE COMPANIES.**—In the case of any long-term loan or guarantee of not less than \$10,000,000, the Bank shall seek to ensure that United States insurance companies are accorded a fair and open competitive opportunity to provide insurance against risk of loss in connection with any transaction with respect to which such loan or guarantee is provided.

(3) **RESPONSIVE ACTIONS.**—If the Bank becomes aware that a fair and open competitive opportunity is not accorded to any United States insurance company in a foreign country with respect to which the Bank is considering a loan or guarantee, the Bank—

(A) may approve or deny the loan or guarantee after considering whether such action

would be likely to achieve competitive access for United States insurance companies; and

(B) shall forward information regarding any foreign country that denies United States insurance companies a fair and open competitive opportunity to the Secretary of Commerce and to the United States Trade Representative for consideration of a recommendation to the President that access by such country to export credit of the United States should be restricted.

(4) **NOTICE OF APPROVAL.**—If the Bank approves a loan or guarantee with respect to a foreign country notwithstanding information regarding denial by that foreign country of competitive opportunities for United States insurance companies, the Bank shall include notice of such approval and the reason for such approval in the report on competition in officially supported export credit required under subsection (b)(1)(A) of this section.

(5) **DEFINITIONS.**—For purposes of this section—

(A) the term “United States insurance company”—

(i) includes an individual, partnership, corporation, holding company, or other legal entity which is authorized (or in the case of a holding company, subsidiaries of which are authorized) by a State to engage in the business of issuing insurance contracts or reinsuring the risk underwritten by insurance companies; and

(ii) includes foreign operations, branches, agencies, subsidiaries, affiliates, or joint ventures of any entity described in clause (i); and

(B) the term “fair and open competitive opportunity” means, with respect to the provision of insurance by a United States insurance company, that the company—

(i) has received notice of the opportunity to provide such insurance; and

(ii) has been evaluated for such opportunity on a nondiscriminatory basis.

(e) Limitation on assistance which adversely affects the United States

(1) In general

The Bank may not extend any direct credit or financial guarantee for establishing or expanding production of any commodity for export by any country other than the United States, if—

(A) the Bank determines that—

(i) the commodity is likely to be in surplus on world markets at the time the resulting commodity will first be sold; or

(ii) the resulting production capacity is expected to compete with United States production of the same, similar, or competing commodity; and

(B) the Bank determines that the extension of such credit or guarantee will cause substantial injury to United States producers of the same, similar, or competing commodity.

In making the determination under subparagraph (B), the Bank shall determine whether

the facility that would benefit from the extension of a credit or guarantee is reasonably likely to produce a commodity in addition to, or other than, the commodity specified in the application and whether the production of the additional commodity may cause substantial injury to United States producers of the same, or a similar or competing, commodity.

(2) Outstanding orders and preliminary injury determinations

(A) Orders

The Bank shall not provide any loan or guarantee to an entity for the resulting production of substantially the same product that is the subject of—

(i) a countervailing duty or antidumping order under title VII of the Tariff Act of 1930 [19 U.S.C. 1671 et seq.]; or

(ii) a determination under title II of the Trade Act of 1974 [19 U.S.C. 2251 et seq.].

(B) Affirmative determination

Within 60 days after June 14, 2002, the Bank shall establish procedures regarding loans or guarantees provided to any entity that is subject to a preliminary determination of a reasonable indication of material injury to an industry under title VII of the Tariff Act of 1930. The procedures shall help to ensure that these loans and guarantees are likely to not result in a significant increase in imports of substantially the same product covered by the preliminary determination and are likely to not have a significant adverse impact on the domestic industry. The Bank shall report to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate on the implementation of these procedures.

(C) Comment period

The Bank shall establish procedures under which the Bank shall notify interested parties and provide a comment period of not less than 14 days (which, on request of any affected party, shall be extended to a period of not more than 30 days) with regard to loans or guarantees reviewed pursuant to subparagraph (B) or (D).

(D) Consideration of investigations under title II of the Trade Act of 1974

In making any determination under paragraph (1) for a transaction involving more than \$10,000,000, the Bank shall consider investigations under title II of the Trade Act of 1974 that have been initiated at the request of the President of the United States, the United States Trade Representative, the Committee on Finance of the Senate, or the Committee on Ways and Means of the House of Representatives, or by the International Trade Commission on its own motion.

(E) Anti-circumvention

The Bank shall not provide a loan or guarantee if the Bank determines that providing the loan or guarantee will facilitate circumvention of an order or determination referred to in subparagraph (A).

(3) Exception

Paragraphs (1) and (2) shall not apply in any case where, in the judgment of the Board of Directors of the Bank, the short- and long-term benefits to industry and employment in the United States are likely to outweigh the short- and long-term injury to United States producers and employment of the same, similar, or competing commodity.

(4) Definition

For purposes of paragraph (1)(B), the extension of any credit or guarantee by the Bank will cause substantial injury if the amount of the capacity for production established, or the amount of the increase in such capacity expanded, by such credit or guarantee equals or exceeds 1 percent of United States production.

(5) Designation of sensitive commercial sectors and products

Not later than 120 days after December 20, 2006, the Bank shall submit a list to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives, which designates sensitive commercial sectors and products with respect to which the provision of financing support by the Bank is deemed unlikely by the President of the Bank due to the significant potential for a determination that such financing support would result in an adverse economic impact on the United States. The President of the Bank shall review on an annual basis thereafter the list of sensitive commercial sectors and products and the Bank shall submit an updated list to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives of such sectors and products.

(6) Financial threshold determinations

For purposes of determining whether a proposed transaction exceeds a financial threshold under this subsection or under the procedures or rules of the Bank, the Bank shall aggregate the dollar amount of the proposed transaction and the dollar amounts of all loans and guarantees, approved by the Bank in the preceding 24-month period, that involved the same foreign entity and substantially the same product to be produced.

(7) Procedures to reduce adverse effects of loans and guarantees on industries and employment in United States**(A) Consideration of economic effects of proposed transactions**

If, in making a determination under this paragraph with respect to a loan or guarantee, the Bank conducts a detailed economic impact analysis or similar study, the analysis or study, as the case may be, shall include consideration of—

- (i) the factors set forth in subparagraphs (A) and (B) of paragraph (1); and
- (ii) the views of the public and interested parties.

(B) Notice and comment requirements**(i) In general**

If, in making a determination under this subsection with respect to a loan or guar-

antee, the Bank intends to conduct a detailed economic impact analysis or similar study, the Bank shall publish in the Federal Register a notice of the intent, and provide a period of not less than 14 days (which, on request by any affected party, shall be extended to a period of not more than 30 days) for the submission to the Bank of comments on the economic effects of the provision of the loan or guarantee, including comments on the factors set forth in subparagraphs (A) and (B) of paragraph (1). In addition, the Bank shall seek comments on the economic effects from the Department of Commerce, the Office of Management and Budget, the Committee on Banking, Housing, and Urban Affairs of the Senate, and the Committee on Financial Services of the House of Representatives.

(ii) Content of notice

The notice shall include appropriate, nonproprietary information about—

- (I) the country to which the goods involved in the transaction will be shipped;
- (II) the type of goods being exported;
- (III) the amount of the loan or guarantee involved;
- (IV) the goods that would be produced as a result of the provision of the loan or guarantee;
- (V) the amount of increased production that will result from the transaction;
- (VI) the potential sales market for the resulting goods; and
- (VII) the value of the transaction.

(iii) Procedure regarding materially changed applications**(I) In general**

If a material change is made to an application for a loan or guarantee from the Bank after a notice with respect to the intent described in clause (i) is published under this subparagraph, the Bank shall publish in the Federal Register a revised notice of the intent, and shall provide for a comment period, as provided in clauses (i) and (ii).

(II) Material change defined

As used in subclause (I), the term “material change”, with respect to an application, includes—

- (aa) a change of at least 25 percent in the amount of a loan or guarantee requested in the application; and
- (bb) a change in the principal product to be produced as a result of any transaction that would be facilitated by the provision of the loan or guarantee.

(C) Requirement to address views of adversely affected persons

Before taking final action on an application for a loan or guarantee to which this section applies, the staff of the Bank shall provide in writing to the Board of Directors the views of any person who submitted comments pursuant to subparagraph (B).

(D) Publication of conclusions

Within 30 days after a party affected by a final decision of the Board of Directors with respect to a loan or guarantee makes a written request therefor, the Bank shall provide to the affected party a non-confidential summary of the facts found and conclusions reached in any detailed economic impact analysis or similar study conducted pursuant to subparagraph (B) with respect to the loan or guarantee, that were submitted to the Board of Directors.

(E) Rule of interpretation

This paragraph shall not be construed to make subchapter II of chapter 5 of title 5 applicable to the Bank.

(F) Regulations

The Bank shall implement such regulations and procedures as may be appropriate to carry out this paragraph.

(f) Authority to deny application for assistance based on fraud or corruption by party involved in the transaction

In addition to any other authority of the Bank, the Bank may deny an application for assistance with respect to a transaction if the Bank has substantial credible evidence that any party to the transaction or any party involved in the transaction has committed an act of fraud or corruption in connection with the transaction.

(g) Process for notifying applicants of application status

The Bank shall establish and adhere to a clearly defined process for—

- (1) acknowledging receipt of applications;
- (2) informing applicants that their applications are complete or, if incomplete or containing a minor defect, of the additional material or changes that, if supplied or made, would make the application eligible for consideration; and
- (3) keeping applicants informed of the status of their applications, including a clear and timely notification of approval or disapproval, and, in the case of disapproval, the reason for disapproval, as appropriate.

(h) Response to application for financing; implementation of online loan request and tracking process**(1) Response to applications**

Within 5 days after the Bank receives an application for financing, the Bank shall notify the applicant that the application has been received, and shall include in the notice—

- (A) a request for such additional information as may be necessary to make the application complete;
- (B) the name of a Bank employee who may be contacted with questions relating to the application; and
- (C) a unique identification number which may be used to review the status of the application at a website established by the Bank.

(2) Website

Not later than September 1, 2007, the Bank shall exercise the authority granted by sub-

paragraphs (E)(x) and (J) of subsection (b)(1) to establish, and thereafter to maintain, a website through which—

(A) Bank products may be applied for; and

(B) information may be obtained with respect to—

- (i) the status of any such application;

§ 635a-4. Guarantees for export accounts receivable and inventory

The Export-Import Bank of the United States is authorized and directed to establish a program to provide guarantees for loans extended by financial institutions or other public or private creditors to export trading companies as defined in section 1843(c)(14)(F)(i) of this title, or to other exporters, when such loans are secured by export accounts receivable, inventories of exportable goods, accounts receivable from leases, performance contracts, grant commitments, participation fees, member dues, revenue from publications, or such other collateral as the Board of Directors may deem appropriate, and when in the judgment of the Board of Directors—

(1) the private credit market is not providing adequate financing to enable otherwise creditworthy export trading companies or exporters to consummate export transactions; and

(2) such guarantees would facilitate expansion of exports which would not otherwise occur.

The Board of Directors shall attempt to insure that a major share of any loan guarantees ultimately serves to promote exports from small, medium-size, and minority businesses or agricultural concerns. Guarantees provided under the authority of this section shall be subject to limitations contained in annual appropriations Acts.

§ 635i-3. Tied Aid Credit Fund and program

(a) Findings

The Congress finds that—

(1) tied aid and partially untied aid credits offered by other countries are a predatory method of financing exports because of their market-distorting effects;

(2) these distortions have caused the United States to lose export sales, with resulting losses in economic growth and employment;

(3) these practices undermine market mechanisms that would otherwise result in export purchase decisions made on the basis of price, quality, delivery, and other factors directly related to the export, where official financing is not subsidized and would be a neutral factor in the transaction;

(4) support of commercial exports by donor countries with tied aid and partially untied aid credits impedes the growth of developing countries because it diverts development assistance funds from essential developmental purposes;

(5) the Bank has, at a minimum, the following two tasks—

(A)(i) first, the Bank should match foreign export credit agencies and aid agencies when they engage in tied aid outside the confines of the Arrangement and when they exploit loopholes, such as untied aid;

(ii) such matching is needed to provide the United States with leverage in efforts at the OECD to reduce the overall level of export subsidies;

(iii) only through matching foreign export credit offers can the Bank buttress United States negotiators in their efforts to bring these loopholes within the disciplines of the Arrangement; and

(iv) in order to bring untied aid within the discipline of the Arrangement, the Bank should consider initiating highly competitive financial support when the Bank learns

that foreign untied aid offers will be made; and

(B) second, the Bank should support United States exporters when the exporters face foreign competition that is consistent with the Arrangement and the Subsidies Code of the World Trade Organization, but which places United States exporters at a competitive disadvantage; and

(6) there should be established in the Bank a tied aid program to target the export markets of those countries, including those that are not a party to the Arrangement, which make extensive use of tied aid or partially untied aid credits, or untied aid used to promote exports as if it were tied aid, for commercial advantage for the purposes of—

(A) enforcing compliance with the existing Arrangement restricting the use of tied aid and partially untied aid credits for commercial purposes; and

(B) facilitating efforts to negotiate, establish, and enforce new or revised comprehensive international arrangements effectively restricting the use of tied aid and partially untied aid credits, or untied aid used to promote exports as if it were tied aid, for commercial purposes; and

(C) promoting compliance with Arrangement rules among foreign export credit agencies that are not a party to the Arrangement;

and such program should be used aggressively for such purposes.

(b) Establishment of tied aid credit program

(1) In general

The Bank shall establish a tied aid credit program under which grants shall be made from funds available in the Tied Aid Credit Fund established under subsection (c) of this section—

(A) to supplement the financing of a United States export when there is a reasonable expectation that predatory financing will be provided by another country for a sale by a competitor of the United States exporter with respect to such export and with special attention to matching tied aid and partially untied aid credits extended by other governments—

(i) in violation of the Arrangement; or

(ii) in cases in which the Bank determines that United States trade or economic interests justify the matching of tied aid credits extended in compliance with the Arrangement, including grandfathered cases;

(B) to supplement the financing of United States exports to foreign markets which are actual or potential export markets for any country which the Bank determines—

(i) engages in predatory official export financing through the use of tied aid or partially untied aid credits, and impedes negotiations or violates agreements on tied aid to eliminate the use of such credits for commercial purposes; or

(ii) engages in predatory financing practices that seek to circumvent international agreements on tied aid; or

(C) to supplement the financing of United States exports under such other circumstances as the Bank may determine to be appropriate for carrying out the purposes of this section.

(2) Administration of program

The tied aid credit program shall be administered by the Bank—

(A) in consultation with the Secretary and in accordance with the principles, process, and standards developed pursuant to paragraph (5) of this subsection and the purposes described in subsection (a)(5) of this section;

(B) in cooperation with United States exporters and private financial institutions or entities, and in consultation with other Federal agencies, as appropriate; and

(C) in consultation with the National Advisory Council on International Monetary and Financial Policies.

(3) Coordination with other export financing

Under the tied aid credit program, the Bank may combine grants from the Tied Aid Credit Fund with—

(A) any guarantee, insurance, or other extension of credit provided by the Bank under this subchapter;

(B) any export financing provided by any private financial institution or other entity; and

(C) any other type of export financing,

in such manner and under such terms as the Bank determines to be appropriate, including combinations of export financing in the form of blended financing and parallel financing.

(4) Information on countries which engage in official predatory export financing and impede negotiations

In order to assist the Bank to make the most efficient use of funds available for supplemental financing under paragraph (1)(B), the United States Trade Representative and the Secretary of Commerce may provide information on principal sectors and key markets of countries described in paragraph (1)(B) to the Bank, the Secretary, and the National Advisory Council on International Monetary and Financial Policies. The Bank shall also request and take into consideration the views of the private sector on principal sectors and key markets of countries described in paragraph (1)(B).

(5) Principles, process, and standards governing use of the Fund

(A) In general

The Secretary and the Bank jointly shall develop a process for, and the principles and standards to be used in, determining how the amounts in the Tied Aid Credit Fund could be used most effectively and efficiently to carry out the purposes of subsection (a)(6) of this section.

(B) Content of principles, process, and standards

(i) Consideration of certain principles and standards

In developing the principles and standards referred to in subparagraph (A), the

Secretary and the Bank shall consider administering the Tied Aid Credit Fund in accordance with the following principles and standards:

(I) The Tied Aid Credit Fund should be used to leverage multilateral negotiations to restrict the scope for aid-financed trade distortions through new multilateral rules, to police existing rules, and to seek compliance by those countries that are not a party to the Arrangement.

(II) The Tied Aid Credit Fund will be used to counter a foreign tied aid credit confronted by a United States exporter when bidding for a capital project.

(III) Credible information about an offer of foreign tied aid will be required before the Tied Aid Credit Fund is used to offer specific terms to match such an offer. In cases where information about a specific offer of foreign tied aid (or untied aid used to promote exports as if it were tied aid) is not available in a timely manner, or is unavailable because the foreign export credit agency involved is not subject to the reporting requirements under the Arrangement, then the Bank may decide to use the Tied Aid Credit Fund based on credible evidence of a history of such offers under similar circumstances or other forms of credible evidence.

(IV) The Tied Aid Credit Fund will be used to enable a competitive United States exporter to pursue further market opportunities on commercial terms made possible by the use of the Fund.

(V) Each use of the Tied Aid Credit Fund will be in accordance with the Arrangement unless a breach of the Arrangement has been committed by a foreign export credit agency.

(VI) The Tied Aid Credit Fund may only be used to defend potential sales by United States companies to a project that is environmentally sound.

(VII) The Tied Aid Credit Fund may be used to preemptively counter potential foreign tied aid offers without triggering foreign tied aid use.

(ii) Process

In handling individual applications involving the use or potential use of the Tied Aid Credit Fund the following process shall exclusively apply pursuant to subparagraph (A):

(I) The Bank shall process an application for tied aid in accordance with the principles and standards developed pursuant to subparagraph (A) and clause (i) of this subparagraph.

(II) Twenty days prior to the scheduled meeting of the Board of Directors at which an application will be considered (unless the Bank determines that an earlier discussion is appropriate based on the facts of a particular financing), the Bank shall brief the Secretary on the application and deliver to the Secretary

such documents, information, or data as may reasonably be necessary to permit the Secretary to review the application to determine if the application complies with the principles and standards developed pursuant to subparagraph (A) and clause (i) of this subparagraph.

(III) The Secretary may request a single postponement of the consideration by the Board of Directors of the application for up to 14 days to allow the Secretary to submit to the Board of Directors a memorandum objecting to the application.

(IV) Case-by-case decisions on whether to approve the use of the Tied Aid Credit Fund shall be made by the Board of Directors, except that the approval of the Board of Directors (or a commitment letter based on that approval) shall not become final (except as provided in subclause (V)), if the Secretary indicates to the President of the Bank in writing the Secretary's intention to appeal the decision of the Board of Directors to the President of the United States and makes the appeal in writing not later than 20 days after the meeting at which the Board of Directors considered the application.

(V) The Bank shall not grant final approval of an application for any tied aid credit (or a commitment letter based on that approval) if the President of the United States, after consulting with the President of the Bank and the Secretary, determines within 30 days of an appeal by the Secretary under subclause (IV) that the extension of the tied aid credit would materially impede achieving the purposes described in subsection (a)(6). If no such Presidential determination is made during the 30-day period, the approval by the Bank of the application (or related commitment letter) that was the subject of such appeal shall become final.

(C) Initial principles, process, and standards

As soon as is practicable but not later than 6 months after June 14, 2002, the Secretary and the Bank shall submit to the Committee on Financial Services of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a copy of the principles, process, and standards developed pursuant to subparagraph (A).

(D) Transitional principles and standards

The principles and standards set forth in subparagraph (B)(i) shall govern the use of the Tied Aid Credit Fund until the principles, process, and standards required by subparagraph (C) are submitted.

(E) Update and revision

The Secretary and the Bank jointly should update and revise, as needed, the principles, process, and standards developed pursuant to subparagraph (A), and, on doing so, shall submit to the Committee on Financial Serv-

ices of the House of Representatives and the Committee on Banking, Housing, and Urban Affairs of the Senate a copy of the principles, process, and standards so updated and revised.

(6) Reconsideration of decisions

(A) In general

Taking into consideration the time sensitivity of transactions, the Board of Directors of the Bank shall expeditiously pursuant to paragraph (2) reconsider a decision of the Board to deny an application for the use of the Tied Aid Credit Fund if the applicant submits the request for reconsideration within 3 months of the denial.

(B) Procedural rules

In any such reconsideration, the applicant may be required to provide new information on the application.

(c) Tied Aid Credit Fund

(1) In general

There is hereby established within the Bank a fund to be known as the "Tied Aid Credit Fund" (hereinafter in this section referred to as the "Fund"), consisting of such amounts as may be appropriated to the Fund pursuant to the authorization contained in subsection (e) of this section.

(2) Expenditures from Fund

Amounts in the Fund shall be available for grants made by the Bank under the tied aid credit program established pursuant to subsection (b) of this section and to reimburse the Bank for the amount equal to the concessionality level of any tied aid credits authorized by the Bank.

(d) Consistency with Arrangement

Any export financing involving the use of a grant under the tied aid credit program shall be consistent with the procedures established by the Arrangement, as in effect at the time such financing is approved.

(e) Authorization

There are authorized to be appropriated to the Fund such sums as may be necessary to carry out the purposes of this section. Such sums are authorized to remain available until expended.

(f) Nonreviewability

No action taken under this section shall be reviewable by any court, except for abuse of discretion.

(g) Report to Congress

(1) In general

The Bank, in consultation with the Secretary, shall submit an annual report on tied aid credits to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.

(2) Contents of reports

Each report required under paragraph (1) shall contain a description of—

(A) the implementation of the Arrangement restricting tied aid and partially un-

tied aid credits for commercial purposes, including the operation of notification and consultation procedures;

(B) all principal offers of tied aid credit financing by foreign countries during the previous 6-month period, including all offers notified by countries participating in the Arrangement, and in particular—

(i) offers grandfathered under the Arrangement; and

(ii) notifications of exceptions under the Arrangement;

(C) any use by the Bank of the Tied Aid Credit Fund to match specific offers, including those that are grandfathered or exceptions under the Arrangement; and

(D) other actions by the United States Government to combat predatory financing practices by foreign governments, including additional negotiations among participating governments in the Arrangement.

(3) Confidential information

To the extent the Bank determines any information required to be included in the report under this subsection should not be made public, such information may be submitted separately on a confidential basis or provided orally, rather than in written form, to the Chairmen and ranking minority Members of the Committees of the Senate and the House of Representatives with jurisdiction over the subject matter of the report.

USE OF FUND TO DISCOURAGE PREDATORY FINANCING PRACTICES

Section 3302(a) of Pub. L. 100-418 provided that: “The Congress finds that—

“(1) negotiations have led to an international agreement to increase the grant element required in tied aid credit offers;

“(2) concern continues to exist that countries party to the agreement may continue to offer tied aid credits that deviate from the agreement;

“(3) in such cases, the United States could continue to lose export sales in connection with the aggressive, and in some cases, unfair, tied aid practices of such countries; and

“(4) in such cases, the Export-Import Bank of the United States should continue to use the Tied Aid Credit Fund established by section 15(c) [now 10(c)] of the Export-Import Bank Act of 1945 [12 U.S.C. 635i-3(c)] to discourage the use of such predatory financing practices.”

§ 635i-4. Repealed. Pub. L. 102-429, title I, § 121(c)(1), Oct. 21, 1992, 106 Stat. 2199

Section, act July 31, 1945, ch. 341, §16, as added Oct. 21, 1986, Pub. L. 99-509, title II, §2002, 100 Stat. 1880, related to procedures and terms for sale of Bank loans to public.

§ 635i-5. Environmental policy and procedures

(a) Environmental effects consideration

(1) In general

Consistent with the objectives of section 635(b)(1)(A) of this title, the Bank shall establish procedures to take into account the potential beneficial and adverse environmental effects of goods and services for which support is requested under its direct lending and guarantee programs. Such procedures shall provide for the public disclosure of environmental assessments and supplemental environmental reports required to be submitted to the Bank, including remediation or mitigation plans and procedures, and related monitoring reports.

The preceding sentence shall not be interpreted to require the public disclosure of any information described in section 1905 of title 18. Such procedures shall apply to any transaction involving a project—

(A) for which long-term support of \$10,000,000 or more is requested from the Bank;

(B) for which the Bank’s support would be critical to its implementation; and

(C) which may have significant environmental effects upon the global commons or any country not participating in the project, or may produce an emission, an effluent, or a principal product that is prohibited or strictly regulated pursuant to Federal environmental law.

(2) Authority to withhold financing

The procedures established under paragraph (1) shall permit the Board of Directors, in its judgment, to withhold financing from a project for environmental reasons or to approve financing after considering the potential environmental effects of a project.

(b) Use of Bank programs to encourage certain exports

(1) In general

The Bank shall encourage the use of its programs to support the export of goods and services that have beneficial effects on the environment or mitigate potential adverse environmental effects (such as exports of products and services used to aid in the monitoring, abatement, control, or prevention of air, water, and ground contaminants or pollution, or which provide protection in the handling of toxic substances, subject to a final determination by the Bank, and products and services for foreign environmental projects dedicated entirely to the prevention, control, or cleanup of air, water, or ground pollution, including facilities to provide for control or cleanup, and used in the retrofitting of facility equipment for the sole purpose of mitigating, controlling, or preventing adverse environmental effects, subject to a final determination by the Bank). The Board of Directors shall name an officer of the Bank to advise the Board on ways that the Bank’s programs can be used to support the export of such goods and services. The officer shall act as liaison between the Bank and other Federal Government agencies, including the agencies whose representatives are members of the Environmental Trade Promotion Working Group of the Trade Promotion Coordinating Committee, with respect to overall United States Government policy on the environment.

(2) Limitations on authorization of appropriations

In addition to other funds available to support the export of goods and services described in paragraph (1), there are authorized to be appropriated to the Bank not more than \$35,000,000 for the cost (as defined in section 661a(5) of title 2) of supporting such exports. If, in any fiscal year, the funds appropriated in accordance with this paragraph are not fully utilized due to insufficient qualified trans-

actions for the export of such goods and services, such funds may be expended for other purposes eligible for support by the Bank.

(c) Inclusion in report to Congress

The Bank shall provide in its annual report to the Congress a summary of its activities under subsections (a) and (b) of this section.

(d) Interpretation

Nothing in this section shall be construed to create any cause of action.

§ 635i-9. Market windows

(a) Enhanced transparency

To ensure that the Bank financing remains fully competitive, the United States should seek enhanced transparency over the activities of market windows in the OECD Export Credit Arrangement. If such transparency indicates that market windows are disadvantaging United States exporters, the United States should seek negotiations for multilateral disciplines and transparency within the OECD Export Credit Arrangement.

(b) Authorization

The Bank may provide financing on terms and conditions that are inconsistent with those permitted under the OECD Export Credit Arrangement—

- (1) to match financing terms and conditions that are being offered by market windows on terms that are inconsistent with those permitted under the OECD Export Credit Arrangement, if—

(A) matching such terms and conditions advances the negotiations for multilateral disciplines and transparency within the OECD Export Credit Arrangement; or

(B) transparency verifies that the market window financing is being offered on terms that are more favorable than the terms and conditions that are available from private financial markets; and

- (2) when the foreign government-supported institution refuses to provide sufficient transparency to permit the Bank to make a determination under paragraph (1).

(c) Definition

In this section, the term “OECD” means the Organization for Economic Cooperation and Development.

(July 31, 1945, ch. 341, §15, as added Pub. L. 107-189, §10(b)(1), June 14, 2002, 116 Stat. 703.)

SUBCHAPTER II—EXPORT FINANCING

§ 635j. Export financing program to foster foreign trade and commercial interest of the United States

(a) Congressional statement of policy

It is the policy of the Congress that the Export-Import Bank of the United States should facilitate through loans, guarantees, and insurance (including coinsurance and reinsurance) those export transactions which, in the judgment of the Board of Directors of the Bank, offer sufficient likelihood of repayment to justify the Bank's support in order to actively fos-

ter the foreign trade and long-term commercial interest of the United States.

(b) Designation of transactions on books of the Bank; limitation on commitments

The bank shall specially designate loans, guarantees, and insurance on the books of the Bank made under authority of this subchapter. In connection with guarantees and insurance, not less than 25 per centum of the related contractual liability of the Bank shall be taken into account for the purpose of applying the limitation imposed by section 635e of this title; but the full amount of the related contractual liability of such guarantees and insurance shall be taken into account for the purpose of applying the limitation in section 635(c)(1) of this title, concerning the amount of guarantees and insurance the Bank may have outstanding at any one time thereunder. The aggregate amount of loans plus 25 per centum of the contractual liability of guarantees and insurance outstanding at any one time under this subchapter shall not exceed \$500,000,000.
